The resources provided are from long-standing organizations and institutions. The information they offer is considered consistent with best practices by those working in bullying prevention. As your research might take you outside of these resources, as with everything in life, don't let the slick packaging of some sites fool you. Use these resources to help you determine the legitimacy of resources that you might find while completing your own research.

Cyberbullying Research Center http://cyberbullying.org/

The Cyberbullying Research Center is dedicated to providing up-to-date information about the nature, extent, causes, and consequences of cyberbullying among adolescents.
